

PROGRAMME BG04 “ENERGY EFFICIENCY AND RENEWABLE ENERGY”

**Maria Raytcheva
National Contact Point
Programme BG04
Ministry of Economy and Energy**

Utilization of Hydropower Potential

Promotion of EE&RES measures in municipal and state buildings and local district heating

Production of Fuels from Biomass

Training and Education activities to increase the administrative capacity related to Energy Efficiency and Renewable Energy measures

Fund for Bilateral Relations

Pre-defined Project "Implementation of Euro Electricity Market in Bulgaria -II phase"

❖ **Call for Project Proposals BG04–02-03**

“Promotion of EE&RES Measures in Municipal and State Buildings and Local District Heating”

launched on **7th of October 2014**

- Deadline for submission of Project Proposals
7th of January 2015
- Beginning of the work of the Selection Committee
8th of January 2015
- Issuance of a decision of the PO
10th of March 2015

❖ Call for Project Proposals BG04-03-04

“Production of Fuels from Biomass”

launched on **7th of October 2014**

- Deadline for submission of Project Proposals
7th of January 2015
- Beginning of the work of the Selection Committee
8th of January 2015
- Issuance of a decision of the PO
10th of March 2015

Bilateral Relations Fund BG04-00-02

The Bilateral Relations Fund for was launched on 7th of October 2014 together with launching of the two Calls for Project Proposals.

The support under the Fund is provided in two schemes:

- **"Support Scheme for Development of Project Proposals"**

Requests for Support will be accepted continuously until depletion of the fund's budget for each of the Calls for Project Proposals under the Programme BG04 and not later of deadline for submission of Project Proposals for the respective Call.

- **"Support Scheme for Travel"**

Requests for Support will be accepted continuously until depletion of the Fund's budget for each of the Calls for Project Proposals under the Programme BG04, but not later than 1st of March 2016.

Pre-defined Project BG04-05-01

“Implementation of Euro Electricity Market in Bulgaria – II phase”

- The Project Promoter – SEWRC submitted the Project Proposal. The Project Proposal passed appraisal organized by the Programme Operator and was approved by FMO;
- Activities and expenditures are eligible as of 25th of August 2014;
- A kick-off meeting of Pre-defined Project was held on 10th of September 2014
- Signature of the Contract is ongoing

Information and Publicity

- Web-page of the Programme – <http://energygrantsbg.org> opened on 7th of October 2014
- Information days will be held in November 2014 in: Sofia, Plovdiv, Burgas, Montana, Veliko Turnovo and Varna. The dates will be agreed with the Donor Project Partner NVE.
- Possible Information day in Norway – beginning of December 2014

Bilateral relations

- Several expert meetings with Donor Project Partner was held
- Meetings of Cooperation Committee was held on 5th of June and 10th of September 2014
- Study visit to Norway was carried out on 1st - 6th June 2014

Call for Project Proposals BG04-04-05

“Training and Education activities to increase the Administrative Capacity related to Energy Efficiency and Renewable Energy measures”

- The Call text was approved by FMO on 3th of October 2014;
- Launching of the Call – latest 20th of October 2014;
- Deadline for submission of Project Proposals – 20th January 2015;
- Project Proposal Evaluation deadline – 20th March 2015;

Call for Project Proposals

“Utilization of Hydropower Potential” BG04-01-06

- Two steps procedure
- Submission of the Call text to the NFP, MF and FMO – 14th of November 2014
- Launching of the first step – Concept Note – **15th of December 2014**
 - Level of Project readiness – *proof for the potential; design visa; methods and conditions for connection of the hydropower plant to the Grid; investment intention where the method of using the produced from the hydropower plant electricity for own use as a producer of this electricity is clearly described, clear ownership;*
- Deadline for submission of Concept Note – 15th of January 2015;
- Concept Note evaluation – 30th of January 2015;
- CC and PO Decision – 5th of February 2015;
- Second step - Invitation for full Project Proposal – 6th of February 2015
- Deadline for submission – 31st of March 2015
- Project Proposal evaluation – 15th of April 2015
- Contract signature – end of April 2015

Identified challenges and risks

Risk Assessment on Programme level has been elaborated in the Programme Proposal along with Risk mitigation plan.

Identified challenges and risks

- Delay in start of the activities related to the 4 Calls which may lead to shortage of the time for the implementation of the Projects

Mitigation of identified risks

- Strict planning and personal responsibility on behalf of the Core team for evaluation and implementation of the Projects;
- Involvement of additional staff from PO and external experts;
- Highly-qualified evaluators in order to shorten the time for evaluation;
- Split the procedure for Project Proposals submission under Call “Utilization of Hydropower Potential” into two steps

www.energygrantsbg.org

The screenshot shows a web browser window with the URL <http://energygrantsbg.org/bg/>. The page features logos for eea grants, norway grants, and the Bulgarian Ministry of Economy and Energy. The main heading is "ПРОГРАМА BG04 ЕНЕРГИЙНА ЕФЕКТИВНОСТ И ВЪЗБЪНОВЯЕМА ЕНЕРГИЯ". A navigation menu includes "НАЧАЛО", "ЗА ПРОГРАМАТА", "НОВИНИ", "ЗА КАНДИДАТИ", "ДОКУМЕНТИ", "ДОБРИ ПРАКТИКИ", "ВЪПРОСИ И ОТГОВОРИ", and "КОНТАКТИ". A search bar with the text "ТЪРСИ" is present. The "НОВИНИ" section lists three news items, each with an icon and a "виж повече >>" link. The "ЗА ПРОГРАМАТА" section features an image of solar panels and a green plant, followed by a detailed description of the program and its funding sources. A "Програмен оператор" section identifies the Ministry of Economy and Energy as the operator.

ОТВОРЕНИ ПРОЦЕДУРИ

ЗА ПРОГРАМАТА

Програма BG04 "Енергийна ефективност и възобновяема енергия" се финансира от Финансовия механизъм на Европейското икономическо пространство (ФМ на ЕИП) 2009-2014 въз основа на подписан меморандум за разбирателство между Република България и Кралство Норвегия, Исландия и Княжество Лихтенщайн. Тя обхваща две програмни области "Енергийна ефективност" (Програмна област 5) и "Възобновяема енергия" (Програмна област 6) на Европейското икономическо пространство (ЕИП) и е одобрена на 20 декември 2012 г.

Програмен оператор: Министерство на икономиката, енергетиката и туризма (сега Министерство на икономиката и енергетиката).
